**Accused of Theft.**  
C. F. Gray was arrested on Broadway this morning by policeman Leary on a charge of theft under \$50 and transferred to the county jail. According to the police Gray went into a barber shop and, after being shaved, left with another man's coat.

**LEAK IN THE JAIL.**  
At 2 o'clock this afternoon, a leak that threatened to undermine the city jail, was discovered by prisoners. Men were at once set to work repairing the water pipe and were compelled to tear up the cement floor to get to it.

**Runaway Boy Caught.**  
Commandant of police Ponce de Leon of Juarez, caught a runaway boy yesterday and shipped him back to his parents.

Juan Heredia, aged 15 years, ran away from his home in Durango a few days ago and his description was sent to many police chiefs in the republic.

**RUINS OF NEW MEXICO.**  
From Santa Fe (N. M.) New Mexican. The correspondent of the Associated Press thought the discovery of a few prehistoric relics in Arizona important enough to telegraph out. Here, in and around Santa Fe, prehistoric villages exist by the score, no matter in which direction one travels, and but few seem to think them worthy of more than passing mention. Santa Fe is the center of the most interesting archaeological region in the United States.

## S.S.S. DRIVES OUT RHEUMATISM

When the blood becomes overcharged with uric acid it continually grows weaker, more acid, and poorer in nourishing qualities. The nerves, muscles and joints, instead of receiving their necessary nutriment from the circulation are gradually filled with the sharp uric impurity which the circulation is loaded, and the pains and aches of Rheumatism are the natural result. No amount of rubbing, or the application of external medicines can have any direct and curative effect on the blood; the most to be expected from such treatment is temporary relief from the pains and aches. There is but one way to cure Rheumatism, and that is to cleanse the blood of the uric acid impurity. S.S.S. is the proper treatment, because it goes down and attacks the disease at its head, and by filtering out every particle of the uric matter and strengthening and enriching the blood, cures Rheumatism in every form. S.S.S. changes the sour, acid-burdened blood to a rich, healthy stream, which quiets the pain-racked nerves, muscles and joints, cools the feverish flesh, gently removes the cause and drives Rheumatism from the system. S.S.S. reaches inherited cases as well as those which have been acquired, and good results are always experienced from its use. Special book on Rheumatism containing many valuable suggestions for rheumatic sufferers and any medical advice free to all who write.

## LAS CRUCES AND MESILLA VALLEY

### ONIONS, CELERY AND CABBAGE DISCUSSED

Farmers of Mesilla Valley Have Interesting Session at Las Cruces.

Las Cruces, N. M., Feb. 11.—The Mesilla Valley Farmers' Institute met yesterday afternoon at the courthouse with 24 farmers present. T. C. Phillips, secretary of the association, called the meeting to order and Dr. Mitchell, of Mesilla Park, was called to the chair.

Professor Mundell, of the A. & M. college, gave a lengthy talk on onion culture and answered questions on different points from those present. He said that the seed beds should be made and planted from February 1 to 15, and the young plants set out in April and May and irrigated frequently, some soils requiring to be irrigated every seven days and others as far apart as every 11 days and that for a successful crop, the ground must be well cultivated and kept clean of weeds.

The professor thinks that with a pumping plant, seed onions or onion sets could be raised very profitably here.

The subject of celery growing consumed considerable time and on motion of Mr. Hookland, a committee composed of professor Garcia and T. C. Phillips, they to select a third, was appointed to take up the matter of celery growing for shipping. They will endeavor to arrange with a number of farmers to plant from one-quarter to an acre of celery this season with a view of getting at least 10 acres planted, which is estimated will produce 10 cartloads of celery.

Early cabbage then came in for some interesting talk as this very standard article of table food can be grown and disposed of in time to allow the same land to be put into celery, giving two very profitable crops from the same land in the season.

The secretary was instructed to write to the cantaloupe brokers and ascertain some more definite information regarding their contracts under which they are signing this season.

The date of the institute was changed from second Thursday of the month to the third Saturday.

### BRIBERY STORY TOLD AT ALBANY

Senator Is Accused of Taking Money and Testimony Is Strong.

Albany, N. Y., Feb. 11.—The climax of the senate investigation of charges filed by senator Benn Conger several weeks ago against his colleague, senator Jothan P. Aldis, came at today's hearing when senator Conger told in detail how senator Aldis demanded a thousand dollar bribe nine years ago when they were both members of the assembly and how Aldis got it.

Aldis's accuser slowly laid before the senators the story of legislative corruption which even previous revelations of the investigation failed to parallel. His story agreed in every point with that of Hiram G. Moe, who handled the money. He told how he and Moe delivered \$5000 to three legislators to protect bridge interests. Then he fixed his eyes on Aldis and concluded:

"And Mr. Aldis came out and passed me, saying: 'I guess it's all right, Conger; it feels good.'"

He added that none of the persons involved in the transaction other than Mr. Aldis are now members of the legislature.

When one over-eats, one exhausts the gastric fluids, throws undigested food into the intestines where it creates poison and germ life and is finally absorbed in a putrid state or thrown from the system in a decaying form.

Stuart's Dyspepsia Tablets will overcome the ill effects of gluttony and irregular eating. They will digest an abnormal amount of food and will not leave the stomach until everything has been digested.

A single one-grain ingredient of these tablets will digest 2000 grains of food and in this proportion is seen how even gluttony can be overcome or at least its most harmful effects removed.

Make up your mind to try Stuart's Dyspepsia Tablets for one week. Take a tablet after each meal and upon retiring at night. Every druggist carries them in stock; price 50c. If you have a druggist friend ask his opinion.

Send us your name and address and we will send you a trial package free by mail. Address F. A. Stuart Co., 150 Stuart Bldg., Marshall, Mich.

Over-Eating Worse Than Starvation

Seven Deaths Arise From This Cause To One of Lack of Food.

A Trial Package of Stuart's Dyspepsia Tablets Sent Free.

An English medical observer claims that for one death to starvation there are seven from over-eating.

His investigation is appalling and leads one to believe that among the Anglo-Saxon race over-eating is a national crime.

This investigation proves over-eating to be the cause in ten cases out of twelve of dyspepsia, indigestion and stomach trouble.

These diseases bring on decay and decline of the other organs and death ensues because of an inability of the system to furnish proper nourishment to the dying and afflicted parts.

### The Passing of the Gringo

Here are just a dozen stanzas of railroad verse, written by a conductor from Monclova, on the strike condition in old Mexico. Of course they were penned by the railroad poet before the settlement of the famed controversy. The author is probably at work now, instead of beating it back to the dear old U. S. A.:

Fair Monclova we must leave thee  
With thy chinks and dogs and sand;  
We are going, gladly going,  
Back to our own dear native land.

For the dire decree hath gone forth  
And its meaning 'tis full clear,  
Brother, you and I can read it,  
"No more Gringos wanted here."

No more Gringo maquinistas,  
No more Gringo conductors,  
No more Gringo garroteros,  
No more Gringo despatchadores.

Long years have we been in bondage,  
To the Gringo railroad men,  
But the threshold now is broken,  
Things are ours to command.

We can run the trains and engines,  
Jerk the lightning from the wires,  
We can move the lowly freight train,  
We can run the stately flyers.

Mr. Gringo, we are thankful  
For the lessons that you have taught  
We are grateful for your presence,  
For the knowledge that you brought.

But the knowledge, we have now,  
And your presence, well you know  
Don't you really think, dear Gringo,  
That it's time for you to go?

So we are going, Brother Gringo,  
Back to dear old U. S. A.,  
Now the question that arises  
Are we going there to stay?

Can you really do without us,  
Really run things as you say,  
Is it true, my railroad brother,  
That we're simply in the way?

They have said so, let them try it,  
Time only can tell the tale,  
Let's go back and see the old folks,  
Let them send the news by mail.

Fare thee well, then, dear Monclova,  
Long years have we good thy soil,  
We move on to let another  
Take our place here and toil.

Let another, not a stranger,  
Tell about why the tiger is striped,  
For the Gringo wanders northward,  
And the native takes his place.
